www.getmydocument.com is your gateway for obtaining electronic versions of educational and tax documents. During January www.getmydocument.com will provide students of eligible institutions with 1098T and 1098E tax documents. These documents are required for preparation of federal taxes and certain state taxes.

You may be eligible for reduced taxes. Consult your tax professional or the IRS or state tax authorities for further details.

To use this site you must authenticate properly in order to obtain secure PDF copies of your documents.

If you are a current www.uasecho.com user you may use your ECHO screen name and password to log in using the "Current Members" option.

If you are not an ECHO user or if you are visiting this site because your school has directed you to obtain your information here, please create a new account using the "New Members" option.

If you are having trouble accessing your 1098 tax form, click on the [Contact Us](#) box above for the phone directory or to send an email
