## Introduction

Welcome to the *2007-2008 UW Colleges' Fact Book*. The data analysis and summary information shared in this annual publication provide an overview of the people, programs, and partnerships associated with the mission of the UW Colleges. In addition to providing this overview, *The Fact Book* is an official source of quantitative facts and figures for internal audiences within the Colleges and the University of Wisconsin System. People outside of the institution may also benefit from this publication when pursuing grants, fundraising, legislative advocacy, special projects, and collaborative initiatives.

The contents of *The UW Colleges' Fact Book* are drawn from a variety of sources. Some information in this edition, such as student enrollments, are based upon the most current figures available from the fall 2007 semester. In other instances information is drawn from documents reflecting what occurred during the 2006-2007 academic year, since that is the most current data in these cases. Please take note of the definitions, time frames, and footnotes listed when reviewing each section and when making comparisons or drawing conclusions on your own. Electronic updates to this publication will occur as available and a complete new edition of *The Fact Book* will be published annually following each fall semester.

As with any project, it takes a large team of people providing input and assistance on all phases including content, layout, and editing.

We express our sincere appreciation to the following personnel and offices for their support and cooperation in developing *The Fact Book*:

- Institutional Research
- Academic Affairs
- Administrative Services
- Continuing Education
- Distance Education
- Human Resources
- Libraries
- Information Technology
- University Relations
- Registrar
- Financial Aid
- Campus Deans

We welcome your suggestions on how *The UW Colleges' Fact Book* can be improved. Any questions, comments, or concerns may be directed to Gregg Nettesheim in the Office of Academic Affairs at (608) 263-5991 or at [gregg.nettesheim@uwc.edu](mailto:gregg.nettesheim@uwc.edu).

Greg Lampe, Interim Provost and Vice Chancellor for Academic Affairs

**Overview:** The University of Wisconsin Colleges prepares students for success at the baccalaureate level of education by providing the first two years of a liberal arts general education. Each UWC campus offers a transfer curriculum for the baccalaureate degree or professional studies, as well as a general education Associate of Arts and Science degree. In addition, all campuses have Guaranteed Transfer and Collaborative Degree Programs with UW System baccalaureate degree-granting institutions. Most students live in or near the community where the UWC campus is located and commute to campus. The physical facilities of each UWC campus were constructed and are owned by local county and/or city government. UWC campuses advance the Wisconsin Idea by bringing educational and cultural resources to the people of these communities.

**A Brief History:** The roots of the UW Colleges (UWC) lie in the establishment of off-campus classes and the beginning of extension services in 1907. Early UWC campuses were part of the University of Wisconsin-Madison. Three other UWC campuses were added by institutions of the former Wisconsin State University System. In 1946, the UW Regents developed a policy for local communities to provide buildings for exclusive use by the UW Colleges. With the merger in 1972 of the University of Wisconsin and the State University of Wisconsin to create the University of Wisconsin System, UWC campuses were reunited under the name University of Wisconsin Center System. In 1983 the name of the institution became the University of Wisconsin Centers. The institution's name was changed to the University of Wisconsin Colleges in 1997. Beginning in 1999, collaborative Bachelor's degree programs in areas like business, engineering, nursing, information technology and general studies were negotiated with UW System baccalaureate degree granting campuses. Articulation agreements with many different public and private colleges and universities permit students to complete other specialized programs on UW Colleges campuses. The UW Colleges began offering an online Associate of Arts and Science degree in 2001.

**Mission:** The University of Wisconsin Colleges is a multi-campus institution that prepares students for success at the baccalaureate level of education, provides the first two years of a liberal arts, general education that is accessible and affordable, and advances the Wisconsin Idea by bringing the resources of the University to the people of the state and the communities that provide and support its campuses.

**Vision:** By 2012 the University of Wisconsin Colleges will be recognized for pre-eminence in liberal arts general education.

**A Part of the University of Wisconsin System:** The UW Colleges is one of 15 institutions within the UW System. The System also includes 11 comprehensive universities granting bachelors and masters degrees; two doctoral universities granting bachelors, masters, and doctoral degrees, and UW-Extension. The UW Colleges and the UW-Extension share a single chancellor as well as a number of administrative functions.

**Accreditation:** The University of Wisconsin Colleges is accredited by The Higher Learning Commission and is a member of the North Central Association of Colleges and Universities located at: 30 North LaSalle St. Suite 2400 Chicago, IL 60602-2504; phone 800/621-7440; <http://www.ncahigherlearningcommission.org/>

**Liberal Arts General Education:** The University of Wisconsin Colleges excels in providing a liberal arts general education, the foundation of the Bachelor's degree. This includes a steadfast commitment to instruction in the natural sciences and mathematics, the social sciences, and the arts and humanities. It also involves an equally strong commitment to preparing students for lifelong learning, leadership, service and responsible citizenship.

**Degrees and Certificates:** The UW Colleges are accredited to offer the Associate of Arts and Science Degree as well as Certificates for Business, Environmental Studies, International Studies, Women's Studies and American Indian Studies.

## Fast Facts

### Fall 2007 Student Enrollment:

Headcount (unduplicated):	12,631
Full Time Equivalent:	8,844
New freshmen (unduplicated):	4,145

*Note: See page 5 - Student Enrollment Definitions*

### Fall 2007 Credit Enrollment:

Freshmen	90,176	credits	68% of total
Sophomores	34,344	credits	26% of total
Special Students	8,139	credits	6% of total
<b>Total Enrolled Credits</b>	<b>132,659</b>	<b>credits</b>	<b>100%</b>

<b>Degrees and certificates awarded in 2006-2007:</b>	1310	Associate of Arts and Science Degrees
	21	Certificates

### Financial Information:

2006-2007 Budget:	\$88,439,134
Fall 2007 Tuition and Average Segregated Fees:	\$2,264

---

## Definitions and Data Sources

### Student Enrollment Definitions:

**Student Counts** – The student counts found in the fact book are unduplicated counts based upon the rules developed by the Enrollment Targets and Resource Reallocation working group and implemented by campuses in the fall of 2006. This means that each student attending one or more campuses in the UW Colleges, and or attending UW Colleges Online will be counted only once. This differs from the counting methodology followed by UW System Administration and used in the Registrar's Blue Book Enrollment Reports which count each campus enrollment as one student. Under that methodology students enrolled at two or more campuses, and or enrolled at a campus and in UW Colleges Online are counted more than once. Students who have completely withdrawn from enrollment as of the 1<sup>st</sup> day of classes, regardless of when that withdrawal was processed, are excluded from these counts.

All prior year enrollment counts and retention calculations have been adjusted to conform to this methodology. While these numbers cannot be considered the "official counts" because they do not match the methodology used by UW System Administration, we believe that this method gives an accurate picture of overall UW Colleges enrollments.

- **Headcount:** For most pages this is an unduplicated count of the students enrolled anywhere within the UW Colleges. The only exception can be found on page 15 where students are counted once for each campus and/or UW Colleges Online enrollment.
- **Full-time equivalent (FTE) - Students:** FTE is the sum of all regular credits divided by 15, plus the sum of all audit credits divided by 30. When calculating FTE, developmental English, Mathematics, and Learning Resources credits are not included.
- **Freshman:** A student with fewer than 30 completed degree credits enrolled in a program leading to completion of an Associate of Arts and Science degree.
- **New freshman:** A freshman student who has never previously attended an institution of higher education.
- **Sophomore:** A student with 30 or more completed degree credits enrolled in a program leading to completion of an Associate of Arts and Science degree.
- **Special Student:** A student enrolled in courses, but not in a program leading to completion of an Associate of Arts and Science degree.
- **Transfer Student:** A student who has previously attended another institution for whom some or all of the previously completed credits are accepted by the UW Colleges.
- **Readmit Student:** A student who previously attended the UW Colleges, stopped attending for one or more academic terms (not summer), and who has applied for admission and been granted permission to re-enroll in classes for a given term.
- **Non-traditional age student:** A student 22 years old or older as of the first day of the fall term for the term being reported.
- **Full-time student:** A student enrolled for 12 or more credits in the term reported. Audit credits are not included in the computation of full-time or part-time status.
- **Part-time student:** A student enrolled for fewer than 12 credits in the term reported.
- **High School Quartile:** The percentile high school rank of an entering new freshman, placed into one of four quarters. For example, a student who is ranked 24<sup>th</sup> in a class of 100 is in the 1<sup>st</sup> or top quartile. A student ranked 51<sup>st</sup> in a class of 100 is in the 3<sup>rd</sup> quartile.

### **Faculty/Instructional Academic Staff Definitions**

- **Full-time equivalent (FTE) - Faculty:** An FTE faculty member is one who is teaching a full load as defined by academic departments. These vary but are generally defined as at least 24 class contact hours per academic year. Service on campus and university committees is required.
- **Full-time equivalent (FTE) – Instructional Academic Staff (IAS):** FTE for IAS is based on the average number of contact hours being taught by faculty in the academic department. Just as with faculty these vary by department. Service on campus and university committees is optional.

### **University Definitions**

- The University of Wisconsin System consists of two doctoral granting institutions located in Madison and Milwaukee; thirteen comprehensive institutions including UW-Eau Claire, Green Bay, La Crosse, Oshkosh, Parkside, Platteville, River Falls, Stevens Point, Stout, Superior, Whitewater; the UW Colleges and the University of Wisconsin-Extension.

### **Data Sources:**

Student Administration System (SAS) Datamart; Registrar's 10<sup>th</sup> Day Enrollment Reports; Institutional Research Reporting; Office of Human Resources/Affirmative Action; Office of Administrative Services; Financial Aid Office; UW System Joint Administrative Committee on Academic Programs (JACAP); UW System Office of Policy Analysis and Research (OPAR).

### **About the Fact Book:**

The *UW Colleges Fact Book* is based upon the premise that reported data for each section is the most accurate and current available at the time of publication. The *Fact Book* does not constitute a contract between the institution and its students, employees, and communities. When making comparisons, it is important to note that sources external to the institution sometimes use different definitions and data parameters in compiling their reports. The sole purpose of this publication is to provide an informational summary of institutional facts and statistics about the University of Wisconsin Colleges.

The University of Wisconsin Colleges is committed to a program of equal opportunity for all faculty, academic staff, classified staff, and students, and will actively carry out all federal and state regulations and executive orders. No person may be denied employment or related benefits or admission to the university or to any of its programs or activities, either academic or nonacademic, curricular or extracurricular, because of race, color, creed, religion, sex, marital status, age, disability, veterans status, national origin, sexual orientation, relationship to other employees, arrest or conviction records, political affiliation, religious practice, or memberships in the national guard, state defense force or any other active or reserve component of the military forces of the United States or the State of Wisconsin.

**Curriculum and Instruction  
Instructional Resources**

**Library Facts and Figures  
2005 - 2006**

Library services for the University of Wisconsin Colleges are provided through a library at each campus and a Library Support Services (LSS) office located at UW-Fond du Lac. LSS provides centralized acquisitions, cataloging, and automated systems support for the thirteen campus libraries.

The professional librarians at each campus and at the LSS office work together as the UW Colleges Library Council to make purchasing, budgeting, and policy decisions for the benefit of the entire institution. The staff at each library provide their campus with local services including class and individualized library instruction, reference assistance, collection acquisitions, and access to materials at all campus libraries within the UW System, as well as from libraries world-wide through patron-initiated interlibrary loan and electronic document delivery to the patron's desktop computers. The librarians at UW-Washington County also provide library services to students enrolled in the UW Colleges Online Program.

The profile presented below collectively highlights the personnel, budget, resources, and levels of service for all 13 campus libraries of the UW Colleges.

<b>Staffing:</b>	Librarians - fte:	Classified and LTE staff - fte	Student assistants - fte	Total Staff - fte
	25.10	12.72	9.05	46.87

	22,813 patrons	584 Classes	10,017 Students	

**Curriculum and Instruction**  
**Continuing Education**

**The UW Colleges Continuing Education Program**

At the University of Wisconsin Colleges, Continuing Education (CE) is a collaborative venture between the Colleges and UW-Extension sharing the staffing costs for campus-based Continuing Education personnel. Credit and non-credit programs are coordinated and offered at the local level in response to the needs and interests of participants ranging from young children to senior citizens. In recent years, the UW Colleges have modified the types of programs offered, the length of time in which they occur, and the instructional delivery modes used in an effort to better serve specific audiences while still being fiscally viable for the University. Two examples of new noncredit programs are the on-line noncredit Business Communications Certificate offered via the Internet and the face-to-face management series of seminars for non-profit agencies and organizations.

**2006-2007 Program Enrollment and Revenue Summary**

## Curriculum and Instruction Alternative Modes of Instruction

### Increasing Access Through Alternative Modes of Instruction

Providing alternative modes of instruction is integral to increasing access to University of Wisconsin Colleges course offerings. Instruction using these alternative delivery methods is delivered by faculty and instructional academic staff who teach on one of the 13 UWC campuses or through UWC Online. The same curriculum, course materials, evaluation methods, and grading standards are used in alternative mode courses as those found in traditional classrooms on the campus. The college credits earned are transferable in the same way as any other credits earned at the UW Colleges. Students can earn their entire associate degree from the University of Wisconsin Colleges via the Internet through UWC Online at <http://www.online.uwc.edu>.

#### Wisline Web

courses link an audio connection with common web-based courseware. Faculty and students converse while interacting with each other's documents and graphics in a real-time classroom setting.

#### Compressed Video

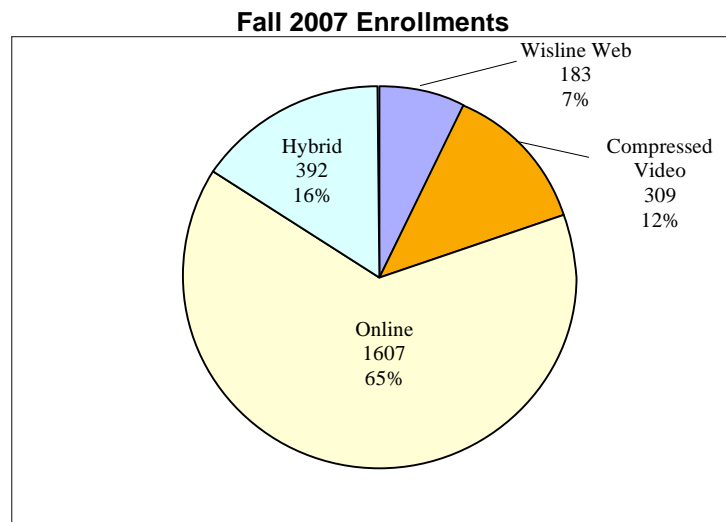

courses utilize audio, computer, and video connections simultaneously. Faculty and students converse and interact with each other while viewing each other in a real-time classroom setting.

#### Online

courses provide a "virtual classroom" where students and faculty interact with each other totally over the Internet. Instructional courseware utilizes web pages, discussion groups, and UWC e-mail. Online courses do not meet at a particular time or place but they are structured within the academic semester time frame and require student class participation several times each week.

#### Hybrid

courses require students to spend one to two hours in class per week on a UWC campus and the remainder of the teaching and learning occurs online via the Internet. In fall 2007 the Colleges began to offer **accelerated hybrid** courses allowing students to complete a course in 3 to 8 weeks.

## Curriculum and Instruction Youth Options Program

### 3 Year Enrollment Summary

The Youth Options program gives eligible high school juniors and seniors the option of enrolling in courses at a UW Colleges campus. Enrollment is limited to courses that are not offered at the student's high school and are approved by the local school board for dual high school/college credit. To participate, students must complete the standard UW System Application for Undergraduate Admission and a Department of Public Instruction Program Plan and Report signed by a school board official or board designee. Tuition for these courses is paid by the local school board. The credits and grades earned become part of the student's high school and UWC official records, and are fully transferable within the guidelines applicable to all credits earned at the UW Colleges.

<b>Totals</b>		<b>\$305,467,020</b>	<b>\$35,225,856</b>

\*Barron County does not track bonding by project, so the outstanding debt figure is an estimate.

Note: Section 66.51 of Wisconsin Statutes permits cities and counties to construct higher education facilities, subject to the approval of the Board of Regents. Since 1960 three cities and fourteen counties have collectively constructed more than 2.1 million square feet of space with an insured value of over \$279 million. Each municipality that participated in the creation of a UW Colleges' campus entered into a long-term agreement (at least 75 years) with the UW System. Although there are some variations in the terms of the agreements, they generally specify that the UW System is responsible for the academic program, movable equipment, physical plant services and utilities, while the municipality is responsible for repairs and improvements to the facilities.

\*Barron County does not track bonding by project, so the debt service figure is an estimate

**DEFINITIONS**

**Debt Service:** The interest and principal paid in a given year on outstanding debt incurred by funding major construction and renovation projects.

**Capital Outlay:** Minor physical plant remodeling or improvement projects such as roof and floor replacements, sidewalk repairs and replacement of building systems such as water heaters. Note: Some of the cost of this category may eventually be placed in long-term bonding.

**Operations:** Physical plant operating costs such as insurance of property, maintenance contracts, and boiler/chiller chemicals.

**Local Foundational Support:**

\$22,000 in student scholarships; \$5,000 in campus support

**Collaborative Initiatives:**

Baccalaureate completion programs with UW-Milwaukee, UW-Green Bay, and UW-Superior; Youth Options and pre-college programs

**UW-Baraboo/Sauk County** is located on 68 acres on the northwest side of Baraboo. Just a short drive from Devil's Lake State Park, Madison and Wisconsin Dells, it is part of a region that is rich in beauty, history, and culture. The campus maintains an enrollment of approximately 650 students, about 35 percent of whom are age 22 and older. The majority of UW Baraboo/Sauk County students come from Sauk, Columbia, Dane, Adams, Marquette and Juneau counties.

The campus offers a comprehensive University of Wisconsin academic experience with challenging coursework, top-notch support systems, and high-quality co-curricular opportunities. It now has the most comprehensive first-year experience of any UW campus, providing students with comprehensive advising, co-curricular, and extra-curricular programming. A number of programs combine coursework and practical application. The Internship Program provides 3 credits of classroom work with 40 hours of real-world experience. In addition, study abroad opportunities allow students to explore other countries and cultures.

The campus offers a wide range of co-curricular activities, including visiting artists, guest speakers, and other diversity programming. In addition, student clubs and organizations plan a wide range of programs-from involvement fairs to rock climbing excursions. Opportunities for extra-curricular involvement include: varsity and intramural sports, Student Government Association, Business Club, Future Educators, Outdoor Club, Student Ambassadors, Honor Society, a student newspaper, and performing arts groups.

UW-Baraboo/Sauk County also offers a wide range of community outreach activities. Continuing Education Extension (CEE) conducts more than 150 non-credit programs each year, serving more than 1,600 participants. In addition, the campus offers gallery exhibits, theatre productions, recitals, and concerts throughout the year. The local economic impact of the campus is estimated at nearly \$8 million annually.

## University of Wisconsin-Barron County

**Address:** 1800 College Drive  
Rice Lake, WI 54868-2497  
**Phone:** 715/234-8176  
**Website:** <http://www.barron.uwc.edu>

<b>Local Foundational Support:</b>	\$38,000 in student scholarships; \$18,000 in campus support
<b>Collaborative Initiatives:</b>	Baccalaureate degree completion programs with UW-Milwaukee, Platteville, Superior and Green Bay; collaboration with regional CESAs offering college-level courses in high schools via distance education; pilot degree-completion program with Wisconsin Indianhead Technical College

**UW-Barron County** lies on the bank of the Red Cedar River in Rice Lake, two hours east of the Twin Cities. Eagles fly up and down the river daily, and hawks, osprey, fox and deer are frequent visitors. In addition to these wild attractions, the campus hosts a lovely international friendship garden created by gardeners from Rice Lake's sister city Miharu, Japan. The garden complements an active campus fine arts program that has made the UW-Barron County a center for culture in the region.

The UW-Barron County recruits students from 50 high schools in 16 counties, making it an important access point for higher education in the sparsely populated northwest corner of Wisconsin. In addition to this expansive recruiting area, the campus has extended its outreach significantly by providing college-level courses through interactive television to a dozen smaller high schools in the region. The campus also has a close working relationship with the Wisconsin Indianhead Technical College in Rice Lake, sharing both facilities and programming.

UW-Barron County recently completed its first new construction since the campus's original 7 buildings opened in 1968. The new building connects the administration building with the classroom building and adds state-of-the-art science laboratories and classrooms that were designed with the help of a National Science Foundation/Keck Foundation Project Kaleidoscope consultancy. It also features smart classrooms, student government and organizational spaces, a learning center, and customer-friendly student services and business office locations.

## University of Wisconsin-Fond du Lac

**Address:** 400 University Drive

<b>Local Foundational Support:</b>	\$34,650 in student scholarships; \$23,575 in campus support
<b>Collaborative Initiatives:</b>	Baccalaureate degree completion programs hosted on campus with UW-Green Bay, Milwaukee, Oshkosh, Stevens Point and Superior

**UW-Fond du Lac** is located on 183 acres in the city of Fond du Lac and is home to the Gottfried Arboretum which depicts the native plants and plant communities of Wisconsin. Students from 27 high schools in six counties attend UW-Fond du Lac.

Supporting student success inside and outside of the classroom is a top priority at UW-Fond du Lac and the campus has developed the Student Work Zone, a multi-functional facility dedicated to the academic, career exploration and wellness needs of students. To further ensure student success, UW-Fond du Lac's Engaging Students in the First Year (ESFY) program includes several sections of LEC 100 courses that promote active learning, life management skills and engagement on campus in small-class settings. The campus has also developed a strong service-learning program with 152 students completing 1,230 service hours in the community last year.

UW-Fond du Lac presents a Performing Arts Series each year, serving as a cultural resource for our community and offering students the opportunity to experience the arts first-hand. The recently formed Art Students League presents the Art Momentum event each spring to raise funds for student scholarships.

Unique to the UW-Fond du Lac campus is the student newspaper (the "Falcon Flier") that is published monthly in partnership with Gannett newspapers as an insert in the local newspaper, the "Action Sunday." Inclusion in the local newspaper provides the "Falcon Flier" with a wide circulation covering two counties and approximately 40,000 readers, which helps to keep the community in touch with the campus and students on a regular basis.

## University of Wisconsin-Fox Valley

**Address:** 1478 Midway Road  
Menasha, WI 54952-1297  
**Phone:** 920/832-2600

<b>Local Foundational Support:</b>	\$152,735 in student scholarships; \$40,850 in campus support. Foundation is in midst of a capital campaign to raise \$2 million for a new Communication Arts Center.
<b>Collaborative Initiatives:</b>	On-campus baccalaureate degree programs with UW-Platteville, Oshkosh, and Stevens Point. One+One Program with Fox Valley Technical College Alternative Career in Teaching Program with UW Oshkosh

**UW-Fox Valley** in Menasha is the second largest of the UW Colleges campuses. The campus is home to the Barlow Planetarium, the state's largest and most technologically advanced sky theatre, attracting 40,000 guests each year. UW-Fox Valley also boasts the state mineralogical museum – the Weis Earth Science Museum. Construction is underway for a new Communication Arts Center.

Each year the UW-Fox Valley plays host to a number of cultural events. The Aaron Bohrod Gallery hosts up to eight public art exhibits each year. Sponsored by the UW-Fox Valley Foundation, the campus also hosts a Scholars Series, bringing in regional and national experts 14 times each year to provide campus and public seminars on issues of importance in all fields of academic endeavor. The campus is part of a successful pilot for accelerated learning format courses in which a single course can be completed in a period of five weeks.

The campus is known for offering a variety of interdisciplinary learning communities, joining two or three courses from different disciplines, all taught with a unifying theme. In addition, many UW-Fox Valley students are actively engaged in undergraduate research. A Student Scholars Fund allows these students to attend and participate at regional and national conferences in fields of their interest.

## University of Wisconsin-Manitowoc

**Address:** 705 Viebahn Street  
Manitowoc, WI 54220-6601  
**Phone:** 920/683-4700  
**Website:** <http://www.uwmanitowoc.uwc.edu>

**Dean:** Daniel S. Campagna, Ph.D.  
**Board of Visitors Representative:** Brian Johnson  
**Student Government President:** Justin Nickels  
**Municipal Partner(s):** Manitowoc County

### Student Profile

<b>Headcount</b>	<b>Enrollment:</b>		<b>Connections: Top 3 High Schools for New Freshmen</b>
	<b>Full-time students:</b>	<b>405 (68%)</b>	Lincoln (Manitowoc), Two Rivers, Valders

	<b>Students receiving financial aid</b>	<b>53%</b>	<b>Top 3 UW System Transfer Destinations</b>
	<b>Non-Credit Enrollments 2005-2006</b>	<b>1448</b>	Green Bay, Milwaukee, Oshkosh

### Instructional Profile

<b>Faculty:</b>	17 FTE	<b>Instructional Academic Staff:</b>	7 FTE
	47% female		41% female
	6% minority		0% minority
	82% with terminal degrees		

**Local Foundational Support:** \$10,000 in student scholarships; \$10,250 in campus support  
**Collaborative Initiatives:** On campus baccalaureate degree completion programs with UW-Milwaukee and Oshkosh; extended degree programs with UW-Platteville, Green Bay and Superior.

**UW-Manitowoc** is beautifully situated along the shore of Lake Michigan and beside a city park on the south side of Manitowoc. The campus' three buildings, Lakeside Hall, Founders Hall and Hillside Hall are connected and include a 350 seat theater, computer and science laboratories, state-of-the-art classrooms, library, learning center, art gallery, gym, weight room, greenhouse and offices. The campus is home to an office of the Wisconsin Sea Grant, a statewide program dedicated to the stewardship of the Great Lakes and ocean resources.

Student organizations and activities are especially popular and active on campus. Students can choose from student government, a variety of academic, professional or special interest groups, band, chorus or theater, and the student newspaper. The athletic program includes both varsity and intramural sports. Students also have the opportunity to work with faculty as research assistants in such projects as analyzing snow for the occurrence of bacteria and tracking medicinal plant use among the Hmong population of Wisconsin. Among UW-Manitowoc's faculty is a Wisconsin Carnegie Professor of the Year and two UW Regents' Teaching Award winners.

The talents of UW-Manitowoc students and community members are joined through the Lakeshore Wind Ensemble, Lakeshore Big Band, chorus, and University Theatre productions. Other campus/community opportunities include the Arts on Campus series, the annual Wellness Fair, art exhibits, and the Continuing Education program which provides non-credit courses, diversity circles and a youth theater program. UW-Manitowoc is also home to an Upward Bound/TRIO program, which is federally funded and prepares low-income and first-generation high school students for college.

## University of Wisconsin-Marathon County

**Address:** 518 South 7th Avenue  
Wausau, WI 54401-5396

**Phone:** 715/261-6100

**Website:** <http://www.uwmc.uwc.edu>

**Dean:** Sandra R. Smith, Ph.D.

**Board of Visitors Representative:** Hooshang Zeyghami

**Student Government President:** Brandon Hallstrand

**Municipal Partner(s):** Marathon County

### Student Profile

<b>Headcount</b>	<b>Enrollment:</b>		<b>Connections: Top 3 High Schools for New Freshmen</b>
	<b>Full-time students:</b>	<b>811 (59%)</b>	Wausau West, DC Everest, Wausau East
	<b>Part-time students:</b>	<b>569 (41%)</b>

	<b>Students receiving financial aid</b>	<b>49%</b>	<b>Top 3 UW System Transfer Destinations</b>
	<b>Non-Credit Enrollments 2006-2007</b>	<b>3258</b>	Stevens Point, Madison, Eau Claire

### Instructional Profile

<b>Faculty:</b>	34 FTE	<b>Instructional Academic Staff:</b>	24 FTE
	29% female		57% female
	3% minority		0% minority
	74% with terminal degrees		

**Local Foundational Support:** \$121,546 in student scholarships and \$30,000 in campus support

**Collaborative Initiatives:** Baccalaureate degree completion programs with UW-Oshkosh in nursing; with UW-Stevens Point in American studies and business management, and with UW-Platteville in engineering.

**UW-Marathon County**, located in Wausau beside a 78 acre forested park, is the third largest UW Colleges campus. The faculty and staff take pride in the liberal arts instruction provided to its 1372 students. In addition to teaching, research and professional development, civic engagement is a high priority. The campus annually sponsors speakers, public forums and fine arts programming, bringing outstanding artists, scholars and performers to the campus. A new organization, the Wisconsin Institute for Public Policy and Service, has opened on campus, with the mission of enhancing the civic life of communities through educational outreach, service learning, non-partisan public dialogue on important public issues, public scholarship and the dissemination of ideas.

In keeping with the goals of the UW System's Plan 2008, minority student enrollment at UW-Marathon County has increased to 11.7% of the student body, the second highest percentage in the last eleven years. Course offerings have changed as well, with a greater variety of multicultural perspectives within the curriculum.

UWMC continues to benefit from the investment of public funding through Marathon County. In 1996, the county supported a \$7 million facilities renovation and expansion. In 2003, the County provided \$1.4 million for a new art building and mathematics center. In 2004-05 the County provided \$1.2 million for the remodeling and expansion of the field house. A \$2.9 million project to upgrade science labs was completed in August of 2007. A \$3.2 million federal grant was secured toward the cost of a new Community Education Center that will include a theatre, tentatively scheduled for 2010. Many projects have benefited from significant private sector support as well, and the UWMC Foundation, with assets of \$2.6 million, has greatly expanded its contribution to the campus by providing support for faculty development, technology projects, and scholarships.

The UWMC Student Government Association provides exceptional opportunities through more than twenty clubs, and the campus is a member of the Wisconsin Collegiate Conference and Wisconsin Junior College Athletic Association, fielding golf, soccer, volleyball, and basketball teams. There is also an active intramural sports program.

## University of Wisconsin-Marquette

**UW-Marquette** is located in the city of Marinette on the west shore of Green Bay, an hour's drive north of the city of Green Bay. The campus enrolls many students from adjoining Menominee County, Michigan (who pay Wisconsin in-state tuition), as well as the largest percentage of international students of any campus in the UW. UW-Marquette students receive individualized attention in small classes, choosing courses from an innovative curriculum, with learning community courses linking two or three disciplines to explore real-world issues in courses proven to enhance student success. Academic opportunities are also offered through evening courses, distance education courses, and undergraduate research opportunities. Students benefit from one-on-one interaction and collaboration, as well as computer-based tutorial services in writing, math, computer science, natural science and world languages.

In addition to the small classes and individualized attention, UW-Marquette offers leadership and co-curricular opportunities, including the Phi Theta Kappa honor society, a student senate, and the Crew, a student organization that provides volunteer services to community members in need. UW-Marquette also offers a host of cultural enrichment activities, serving as a cultural hub for the surrounding communities. Since 1967, Theatre on the Bay has given students experience in all areas of theatre from managing a box office to acting in major productions. A playwrights' workshop is offered in the spring culminating in the Bards on the Bay festival. Other programs open to the public include the West Shore Chorale, Bay Shore Orchestra, Community Jazz Ensemble, and the Northeast Wisconsin Concert Band.

## University of Wisconsin-Marshfield/Wood County

**Address:** 2000 W. Fifth Street  
Marshfield, WI 54449-3310

**Phone:** 715/389-6530

**Website:** <http://www.marshfield.uwc.edu>

**Dean:** Andrew Keogh, Ed.D.

**Board of Visitors Representative:** Karl Zimmermann

**Student Government President:** Melissa Goldberg

**Municipal Partner(s):** City of Marshfield and Wood County

### Student Profile

<b>Headcount</b>	<b>Enrollment:</b>		<b>Connections: Top 3 High Schools for New Freshmen</b>
	<b>Full-time students:</b>	<b>368 (57%)</b>	Marshfield Senior, Stratford, Lincoln
	<b>Part-time students:</b>	<b>274 (43%)</b>

<b>Faculty:</b>	16 FTE	<b>Instructional Academic Staff:</b>	11.2 FTE
	50% female		50% female
	25% minority		7% minority
	94% with terminal degrees		

**Local Foundational Support:** \$69,474 in student scholarships; over \$100,000 in campus support

**Collaborative Initiatives:** Collaborative degree programs with UW-Eau Claire and Stevens Point; dual enrollment with UW-Stevens Point and Mid-State Technical College; Youth Options programs with Neillsville and Stratford high schools.

**UW-Marshfield/Wood County**, located in central Wisconsin, is a campus of 114 acres, including a 109 acre natural forest arboretum. The faculty and staff are dedicated to the Wisconsin Idea of bringing higher education to the state's residents. The distinguished faculty teaches small classes, giving students personal attention. The UW-Marshfield/Wood County faculty boasts two U.S. Fulbright Scholars. Having taught overseas, both of these professors have taken students to study abroad.

The campus offers students access to the latest technology. Thanks to a congressionally designated grant of \$400,000, the campus' six science labs were remodeled and renovated, with work completed in the fall of 2006. Computer networking, mobile distance education teaching stations and digital microscopes were among the equipment purchases.

Renovation and remodeling of the Hamilton Roddis Memorial Library was completed in 2005. The renovated library includes a teaching lab, where students and faculty can upgrade their research skills, the Learning Center, which focuses on building and enhancing classroom skills, and small study areas where students can work together on team and group projects. The \$510,000 renovation project was funded in cooperation with Wood County, the City of Marshfield, the State of Wisconsin and a private donor.

## University of Wisconsin-Richland

**Address:** 1200 Highway 14 West  
Richland Center, WI 53581-1399

**Phone:** 608/647-6186

**Website:** <http://www.richland.uwc.edu>

**Dean:** Deborah B. Cureton, Ph.D

**Board of Visitors Representative:** Darlo Wentz

**Student Government President:** Emery Wontor

**Municipal Partner(s):** Richland County

### Student Profile

<b>Headcount</b>	<b>Enrollment:</b>		<b>Connections: Top 3 High Schools for New Freshmen</b>
	<b>Full-time students:</b>	<b>299 (66%)</b>	Richland Center, River Valley, Riverdale

	13% minority		0% minority
	75% with terminal degrees		

**Local Foundational Support:** \$66,000 in student scholarships; \$32,800 in campus support

**Collaborative Initiatives:** UW-Milwaukee College Connection; UW-Platteville pre-engineering; collaborative AAS degree programs with Southwest Wisconsin Technical College and Western Technical College; Academic Alliance program with Richland Center and River Valley High Schools.

**UW-Richland**, a 135 acre campus located in the rolling hills of Richland County, attracts students of all ages from around the world and across the street. International programs involve community members as host and mentor families, bringing a cosmopolitan, global atmosphere to the community.

Continuing education programs taught by UW-Richland faculty and staff attract people from the area to non-credit courses and to new ideas. Community members join in campus activities through the annual Richland Reads Program, Campus/Community Theatre, Campus Community Band, and more.

UW-Richland is unusual among the UW Colleges in offering housing with Campus View residential facilities for 120 students just across the street from the campus. These modern, convenient facilities house students through the summer as well as during the academic year. Summer programs are local, regional, statewide and international in scope. They include College for Kids, Pre-College, Faculty College, Youth for Understanding, Japanese High School Program, Instructional Technology training and more.

Located on the UW-Richland campus, the Symons Recreation Complex is available to UW-Richland students through special memberships. This community facility features a heated indoor pool, weight training and fitness center, sauna, racquetball courts and fitness classes.

## University of Wisconsin-Rock County

**Address:** 2909 Kellogg Avenue  
Janesville, WI 53546-5699  
**Phone:** 608/758-6566  
**Website:** <http://www.rock.uwc.edu>

**Dean:** Diane Pillard  
**Board of Visitors Representative:** Audrey McClellan

<b>Faculty:</b>	21 FTE	<b>Instructional Academic Staff:</b>	18.6 FTE
	41% female		53% female
	18% minority		0% minority
	91% with terminal degrees		

**Local Foundational Support:** \$33,000 in student scholarships; \$3,000 in faculty development; \$1.7 million in capital building support for Engineering Center and Allen Hall projects

**Collaborative Initiatives:** Baccalaureate degree completion programs hosted on campus with UW-Milwaukee, UW-Whitewater and UW-Platteville.

**UW-Rock County** students enjoy an average class size of 21 that allows them to receive the attention they need to succeed during the critical first two years of college from top-notch professors hired for their expertise and dedication to teaching. The Learning Support Center offers free tutoring services and the TRIO program serves a select group of highly-motivated students who are seeking their college degree.

UW-Rock County includes a new Engineering Center; state-of-the-art science and computer laboratories; multimedia and distance education classrooms; a library; a gymnasium and fitness room; café; bookstore; and theatre with seats for 225. Construction of the new Allen Hall that will house a new library, classrooms and more is underway. Opportunities for student involvement include: Student Government Association; co-ed soccer; men's and women's basketball; women's volleyball; University Theatre productions; various clubs focusing on fencing, health sciences, chess, multicultural issues, education, music, writing and more; and Phi Theta Kappa and Sigma Kappa Delta honor societies. Continuing Education provides classes and programs for the public, including personal enrichment, career enhancement, dance, art and music courses and travel opportunities. CE also provides youth programming such as College for Kids summer camp, and Science, Technology, Engineering and Math (STEM) programs. Other community programs include a performing arts and lecture series; Rock Prairie Big Band, Concert Band, Chamber Orchestra and Youth Orchestra; and special events throughout the year.

## University of Wisconsin-Sheboygan

**Address:** One University Drive  
Sheboygan, WI 53081-4789  
**Phone:** 920/459-3633  
**Website:** <http://www.sheboygan.uwc.edu>

### Instructional Profile

<b>Faculty:</b>	16 FTE	<b>Instructional Academic Staff:</b>	12.5 FTE
	38% female		37% female
	13% minority		3% minority
	88% with terminal degrees		

**Local Foundational Support:** \$35,000+ in student scholarships; \$14,300 in campus support  
**Collaborative Initiatives:** Baccalaureate degree completion programs hosted on campus with UW-Milwaukee, Stout and Oshkosh; Credit outreach to Sheboygan North, Oostburg and Cedar Grove/Belgium high schools

**UW-Sheboygan** is located on a 70 acre hilltop setting overlooking the western edge of Sheboygan. In Fall 2007, the campus will unveil its newest addition to the campus, the Acuity Technology Center. The building, made possible by a major gift from Acuity of Sheboygan and support from Sheboygan County, will offer state-of-the-art instructional classrooms and new functional meeting space – all equipped with the latest in presentation and communication technology. In fall 2004, the campus also opened the new Frank G. and Frieda K. Brotz science Building, which features spacious classrooms fitted with the latest in lab equipment and instructional technology.

UW-Sheboygan offers a wide range of co-curricular opportunities. Students can choose to be active in campus government, music and drama, various academic and service clubs, and both intercollegiate and intramural sports. The campus includes a fine arts building with 350 seat theatre and a complete physical education facility. On the university grounds, students will find tennis courts, areas for field sports, and a natural-terrain cross-country track.

Continuing education offered through UW-Sheboygan provides opportunities for community members of all ages to continue their education in both credit and non-credit courses. Programs provided for adults include foreign languages, computer training, personal enrichment and opportunities for travel. High school students can take advantage of the Upward Bound college preparation program as well as credit outreach. The entire community is welcome to participate in theatre productions, wind ensemble and choir concerts, lecture and fine arts events, and more.

## University of Wisconsin-Washington County

**Address:** 400 University Drive  
West Bend, WI 53095-3699  
**Phone:** 262/335-5200  
**Website:** <http://www.washington.uwc.edu>

	<b>Students receiving financial aid</b>	<b>39%</b>	Milwaukee, Oshkosh, Whitewater
	<b>Non-Credit Enrollments</b>		
	<b>2005-2006</b>	<b>1298</b>	

### Instructional Profile

<b>Faculty:</b>	24 FTE	<b>Instructional Academic Staff:</b>	14.3 FTE
	33% female		35% female
	17% minority		13% minority
	92% with terminal degrees		

<b>Local Foundational Support:</b>	\$10,500 in student scholarships; \$8,000 in campus support
<b>Collaborative Initiatives:</b>	Four baccalaureate degree completion programs with UW-Milwaukee (Communications, Information Resources, Organizational Administration and Nursing) and one with UW-Oshkosh (Liberal Studies)

**UW-Washington County** is located on 87 scenic acres in the Kettle Moraine on West Bend's southwest side. All buildings are inter-connected and include the Collins Science Hall with state-of-the-art labs and equipment.

Student organizations and activities are especially vibrant and active on campus. Students can choose from campus government, a variety of academic and professional clubs, honors and service organizations, and the student newspaper. An active sports program includes both varsity and intramural sports. Campus-wide activities include "Wassup Wednesdays" and a Student Development Series – both offered during the noon hour, as well as annual events such as Earth Day and Chemistry Week. Over \$130,000 in annual scholarships are available to students as well as a growing internship program.

The Moraine Chorus, Moraine Symphonic Orchestra, and campus theatrical productions combine the talents of UW-Washington County students and community members. Other community events include the Fine Arts Series, a community lecture series, book discussions, poetry readings, and art exhibits. An active Continuing Education program provides non-credit opportunities for lifelong learning. A wide range of programs are available for all ages, ranging from ACT Exam preparation and study abroad opportunities to business seminars and retirement planning.

## University of Wisconsin-Waukesha

**Address:** 1500 N. University Drive  
Waukesha, WI 53188-2799  
**Phone:** 262/521-5040 Toll-Free 888/2UW-WAUK  
**Website:** <http://www.waukesha.uwc.edu>

**Dean:** Patrick Schmitt, Ph.D.  
**Board of Visitors Representative:** Russell Launder  
**Student Government President:** Omer Farooque  
**Municipal Partner(s):** City and County of Waukesha

### Student Profile

<b>Headcount</b>	<b>Enrollment:</b>		<b>Connections: Top 3 High Schools for New Freshmen</b>
	<b>Full-time students:</b>	<b>1180 (58%)</b>	Mukwonago, Arrowhead, Waukesha West
	<b>Part-time students:</b>	<b>860 (42%)</b>

<b>Faculty:</b>	40 FTE	<b>Instructional Academic Staff:</b>	29.3 FTE
	37% female		37% female
	14% minority		0% minority
	88% with terminal degrees		

**Local Foundational Support:** \$24,000 in student scholarships; \$6,000 in campus support  
**Collaborative Initiatives:** Three collaborative baccalaureate degree programs with UW-Milwaukee and one with Oshkosh; one MBA program with UW-Milwaukee and one with Whitewater

**UW-Waukesha** is located on the east edge of Waukesha, a short drive from Milwaukee. The campus features a 92 acre field station located 10 miles to the west. Formerly a farm, this educational facility, complete with classrooms and greenhouse, is being restored to native flora and fauna. The field station is also home to a unique 450-cubic-foot wood-fired kiln modeled after the ancient Japanese Anagama kiln. It is the only one of its kind in the UW System.

There are many opportunities for students to participate in co-curricular activities. The campus supports athletic teams in golf, soccer, volleyball, tennis and basketball. There is also an active intramural sports program. Student clubs span a broad range, including such interests as anime, ecology, film, philosophy, and yoga. Other student activities include noon-time entertainment, movie/video nights, fall fest and spring fling. Students may also join with faculty members in "Immersion Excursion" field trips into the community. Another opportunity for faculty-student collaboration is in the area of research projects. After completion, results of the research are presented at a public symposium.

The faculty and staff of UW-Waukesha are committed to helping students succeed. The campus Study Center was developed for this purpose and provides tutors in Mathematics, English and other subjects, peer mentors and group study. The Study Center is also home to the federally funded TRIO Student Support Services Program for students who are low income, first-generation college students or who have special needs.

**Instructional Academic Staff:** 33 teaching 49 sections  
 40% female  
 0% minority

### UWC Online Degree Completion and Other Collaborative Partners

**BSN@HOME, BSN-LINC, UW-Platteville, UW-Stevens Point, UW-Stout, UW-Superior, UW-Whitewater, UW-River Falls, UW-Oshkosh, CESA 10, Viterbo University, WiscNet, UW-Extension Outreach and E- Learning**

The **UW Colleges Online** is fully accredited to deliver the UW Colleges Associate of Arts and Science degree entirely online. In the fall semester of 1998, UWC entered the online higher education market by offering three totally online classes. Since 1998, the UW Colleges Online has expanded its course offerings and enrollments continue to increase. In fall 2007 UWC Online offered 39 courses with 72 different course sections and had a headcount enrollment of 1100 students. As of September 2007, 87 students had been awarded their AAS degree from UWC Online.

Students taking UW Colleges Online courses generally fit into one of three categories: students pursuing a degree and taking courses exclusively online; on-campus students pursuing a degree through one of the 13 UWC campuses, and supplementing their on-campus curriculum with online courses; and special students. This last category includes students pursuing degrees outside the UW Colleges, high school students enrolling in college level courses before graduation, and those taking courses for other reasons.

UWC Online functions as a virtual 14<sup>th</sup> campus, offering courses from the UW Colleges catalog taught by the same instructors who teach students in the UWC campus classrooms. The courses offered are each adapted to the online teaching and learning environment with the assistance of qualified instructional designers. UW Colleges Online is actively involved in institution-wide initiatives such as assessment of student learning and the Foundations of Excellence project, and has partnered with UW Extension Outreach and E-Learning in the Adult Student Initiative under the guidance of the Provost's office.
