

2018 Annual Security Report

The University of Wisconsin Colleges and the Annual Security Report

The University of Wisconsin Colleges is pleased to release the 2018 Annual Security Report and Annual Fire Safety Reports to the community. The purpose of this report is to provide accurate information regarding campus and community resources, prevention efforts, conduct policies, and crime statistics for the past three years. For our campuses with residence life programs, we have also included the Annual Fire Safety Reports. This report has been produced in accordance to the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.

The Annual Security Report includes crimes reported on campus, in certain off-campus buildings or property owned or controlled by University of Wisconsin Colleges campuses and on public property within or immediately adjacent to and accessible from the campus. To complete this report, local law enforcement and designated campus officials were consulted.

For the calendar year 2017, The University of Wisconsin Colleges was the University of Wisconsin System's network of 13 freshman/sophomore campuses and the University of Wisconsin Colleges Online Campus. The mission of the University of Wisconsin Colleges was to make a University of Wisconsin education affordable and accessible to all. The University of Wisconsin College campuses offered an Associate of Arts and Science Degree and prepared students of all ages and backgrounds to transfer into baccalaureate and professional programs. Six of the campuses offered a Bachelor of Applied Arts and Sciences. The University of Wisconsin Colleges served more than 13,000 students.

Effective July 1, 2018, the University of Wisconsin System restructured by joining the 13 two-year campuses with the UW System's four-year comprehensive and research institutions. The University of Wisconsin System initiated this restructuring in order to expand access to higher education, maintain affordable tuition, and increase opportunities for students. For more information regarding the restructuring, please review the official website: <https://www.wisconsin.edu/uw-restructure>

With the restructuring, students at the two year campuses (A.K.A Branch campus), will now be part of a four-year comprehensive institution (A.K.A. Receiving Institution). Please see the following if you are unsure of your branch campus' assigned comprehensive institution:

This Annual Security Report will have the crime statistics for the calendar years of 2015, 2016, and 2017. During these years, the thirteen campuses operated as one institution: The University of Wisconsin Colleges. However, the resources and processes laid out in this report reflect the restructuring and differ at each branch campus.

The safety, security and well-being of our students, employees, and campus guests are very important to us. It is important for all members of the Branch Campuses to help keep our campuses safe. We encourage everyone to report any crime or situation that violates the safety and well-being of our campus communities. If you or a friend are a victim of a crime, please know there are resources available to you on your campus to assist.

Each student and employee of the University of Wisconsin Colleges/Branch Campuses will be notified, via e-mail, of how to access this report via the University of Wisconsin Colleges website. This document will also be attached to the email.

You may obtain a copy of this report by contacting the [Office of Conduct and Compliance](#) or by accessing the following link: <http://uwc.edu/students/safety/campus-security-reports>.

This will be the final Annual Security Report for the University of Wisconsin Colleges as an institution. Further annual security reports for the branch campuses will be the responsibility of the four-year comprehensive affiliated with the branch campus.

Campus Law Enforcement Policies

UW Colleges, 2017

None of the University of Wisconsin Colleges had a campus police department in 2017. UW Waukesha contracted with a part-time, outside security company during select times during the school year. At this time, UW Colleges campuses did not have agreements with local law enforcement and did not complete them due to the restructuring announcement. However, each campus worked closely with local law enforcement authorities and utilizes their services when necessary. It was the policy of the University of Wisconsin Colleges to encourage accurate and prompt reporting of all crimes to the appropriate law enforcement agency. University of Wisconsin Colleges personnel will assist any student, employee, and/or campus guest with the notification of law enforcement and requesting law enforcement assistance. The prosecution of all criminal offenses are through the appropriate, local district attorney's office. University of Wisconsin Colleges did not prosecute crimes, but provided appropriate support through the process.

Each University of Wisconsin Colleges campus provided information to students and employees about campus security procedures and practices. Students and employees were encouraged to be responsible for personal security as well as others. Students and employees were informed about crime prevention and positive bystander intervention practices through programs and literature distributions. This includes:

Students: New students receive information at the time of orientation about campus security procedures and practices and about the crime of sexual assault in particular. Students are informed of the procedure for reporting sexual assault crimes to campus officials, and are encouraged to report these crimes to local law enforcement authorities. Students are informed about the importance of preserving evidence. Also included is information about the rights of victims and counseling services available for the victims of sexual assault. Continuing students receive information about the crime of sexual assault annually. All students receive the required notification that the Annual Security Report is available on the web, and that a paper copy may be requested.

Employees: At the first meeting of the Campus Community, campus security procedures and practices are addressed. All employees receive the required notification that the Annual Security Report is available on the web, and that a paper copy may be requested.

Prospective students: there is a link to the annual security report on the UW Colleges admission page. Also, the link is included in correspondence when students seek information from individual campuses.

Prospective Students, Employees and other parties can also request a paper copy.

Reporting Emergencies, Crimes, and Policy Violations

UW Colleges, 2017

Reports of criminal actions or other emergencies which occurred on any University of Wisconsin Colleges campus were encouraged to be made to a designated campus official such as a Solution Center employee, Residence Life staff, or the Campus Administrator. We strongly encouraged reporting such activities directly to local law enforcement and provided assistance to any student or employee with doing so. Victims or witnesses to crimes could request privacy when reporting criminal actions for inclusion in the annual disclosure of crime statistics. The Office of Conduct and Compliance, in consultation with local campus administration, made timely warnings, emergency notifications, and other appropriate campus notifications via campus email, campus text alert systems, campus bulletin boards and/or other appropriate means concerning those crimes that posed a threat to members of the campus community.

The University of Wisconsin Colleges encouraged cooperation with local law enforcement authorities in order to monitor and record information concerning criminal activity occurring away from the campus, but involved university students or university-related organizations. While crimes that did not take place in the campus geography will not be reported on the Annual Security Report, campus staff were available to assist students and employees as appropriate.

Building Security and Access

UW Colleges, 2017

General access to and use of the facilities of the University of Wisconsin Colleges campuses was governed by Chapter UWS 21 of the Wisconsin Administrative Code and applicable County policies. Any additional institutional policies were on file with the Campus Administrator's Office, on the campus website, and if applicable, with Residence Life Staff. Security was provided through a number of mechanisms including, appropriate up-keep of the facilities, identification of personnel responsible for securing the campus, limitations on hours of operation, limitations on access when the campus is not in operation, use of the campus by non-campus affiliated individuals/groups, and policies on keys. Residence Halls required key entry.

Emergencies may have resulted in a change in schedule, process or procedure in order to address the concern. University of Wisconsin Colleges campus leaders reserved the right to secure any space in order to address a concern.

Each year, leaders of each individual campus participated in campus safety walks. Students, Employees and community members walked the campus to identify possible safety issues. Information from the campus safety walks was then used to address areas for improvement.

Timely Warnings and Emergency Notifications

The University of Wisconsin System complies with the “Timely Warning” and “Emergency Notifications” provisions of the Jeanne Clery Act by providing the required warnings to the campus community in an efficient and expedient manner.

“Timely Warning” occurs when specific criminal acts are reported that constitute a serious or continuing threat to the campus community. Some examples include sexual violence, aggravated assault, burglary, and murder. At no time will the Timely Warning include or identify the victims of the crime.

“Emergency Notification” occurs when significant emergencies or dangerous situations (e.g., active shooter incidents, severe weather emergencies, hazardous material incidents, etc.) are reported and constitute an immediate threat to the campus community.

UW System students and employees should report criminal or dangerous activity to Campus Leadership in order for the campus to send a timely warning or an emergency notification and insure disclosure in the Clery report.

Timely warnings and Emergency Notifications are disseminated by the most expedient method to ensure that individuals have time to prepare or react to the situation. Dissemination methods may include campus emails, direct phone calls to designated personnel, campus texting system, posting on campus bulletin boards, posting on campus social media, posting on campus website, and contacting local media (if available/appropriate). The local 911 Center and/or other emergency services are also notified if appropriate.

Each campus has a written fire and tornado emergency procedure and alert system in place. They are each tested a minimum of once a year. As part of these drills, emergency response and evacuation procedures are publicized via email. Campuses use electronic alarms and PA Systems to alert the community of fires or tornadoes and the appropriate locations for evacuation based on the situation.

UW Colleges, 2017

Each campus had a written Emergency Action Plan that detailed the processes to be used. The Campus Administrator and Director of Compliance, or their designee, have the responsibility for issuing Timely Warnings and Emergency Notifications. If time permits, they would confer with other campus leaders such as members of the Campus Behavioral Intervention Team and/or the Campus Safety Committee prior to issuing any notification. The campus would, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

The Campus Administrator and Director of Conduct and Compliance would ensure that all issued warnings and notifications were cancelled once the reported crime had been resolved and/or the threat no longer existed to the campus.

The State of Wisconsin Department of Emergency Services requires that each campus conduct a mock tornado drill in April and complete and return a written report of the activity. Every UW Colleges campus conducted the drill and submitted a report to the Institutional Risk and Safety Manager, who, in turn, forwarded the reports to the University of Wisconsin System Office of Safety and Loss Prevention. The University of Wisconsin System Office of Safety and Loss Prevention required each UW campus to conduct a fire drill once a year in the fall and to submit a written report of this activity. Every UW Colleges campus conducted a fire drill in the fall and submits a report to the Institutional Risk and Safety Manager who forwards the reports to the UW System Office of Safety and Loss Prevention.

Branch Campuses, 2018

Each campus will continue to have a written Emergency Action Plan that details the processes to be used. Appropriate campus leadership will have the responsibility for issuing Timely Warnings and Emergency Notifications. If time permits, they will confer with other campus leaders, such as members of the Campus Behavioral Intervention Team, prior to issuing any notification. The campus will, without delay, and taking into

account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

The appropriate campus leadership will ensure that all issued warnings and notifications are cancelled once the reported crime has been resolved and/or the threat no longer exists to the campus.

The State of Wisconsin Department of Emergency Services requires that each campus conduct a mock tornado drill in April and complete and return a written report of the activity. Branch Campuses will continue to comply with this directive. The University of Wisconsin System Office of Safety and Loss Prevention requires each UW campus to conduct a fire drill once a year in the fall and to submit a written report of this activity. Branch Campuses will continue to comply with this directive.

Sanctions to be imposed for students adjudicated guilty of a sexual offense will be determined on a case-by-case basis and may include suspension or expulsion. Both the complainant and the respondent shall be informed of the outcome of any campus disciplinary proceeding involving sexual assault.

The UW System is committed to providing appropriate remedies for victims of sexual violence. These remedies may include academic accommodations and residence life accommodations. B. Education and Prevention Programs

The University of Wisconsin System engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

- Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
- Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;

- Defines what behavior and actions constitute consent to sexual activity in the State of Wisconsin and/or using the definition of consent found in the Student Code of Conduct if state law does not define consent;
- Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;
- Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.
- Provides an overview of information contained in the Annual Security Report in compliance with the Clery Act.

UW Colleges, 2017

The University of Wisconsin Colleges developed an annual educational campaign¹ consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation;

The University offered **primary** prevention and awareness programs for **all incoming students** through different mediums. These include:

- New student orientation programs and registration sessions at all campuses. In these programs, students learned about definitions, their rights, resources, and reporting structures.
- Posters were developed to inform students about Title IX and VAWA offenses.
- The University of Wisconsin Colleges had a website dedicated to this information which could be found at <http://uwc.edu/aode/save> and <http://uwc.edu/students/sexualmisconduct>.
- Resource links were provided to students regarding their rights and could be accessed at: <http://www.uwex.uwc.edu/about/office-diversity-inclusion/programs-services/title-ix>
- Students were provided a link to The University of Wisconsin Colleges student handbook and information on how to receive a paper copy: <http://uwc.edu/students/handbook-policies>.
- At least annually, community sexual assault service providers were invited to campus to set up displays and provide informational programs regarding their services.
- Students were required to complete an online training program to address sexual assault, relationship violence, sexual harassment and stalking.
- A pro-social marketing campaign titled “Consent is Sexy” trained and encouraged students to ensure they have given *and* received consent for all types of sexual activity, every time, prior to the start of that sexual activity. Understanding of the legal definition of consent and times when consent can’t be given are included in the campaign. The campaign uses provocative images and language to grab attention and generate conversation. Tabling activities, campaign buttons, and student activism are all utilized as part of the campaign.
- University of Wisconsin Colleges had developed a bystander intervention training program called Step Up!
- Behavioral Intervention Teams were also trained to work proactively on issues of sexual violence.
- Campuses with residence halls for students provided training to hall staff for proper response to sexual violence and provide additional programming in the halls.

¹ Under the 2013 Reauthorization of the Violence Against Women Act, institutions must implement “primary prevention and awareness programs for **all incoming students and new employees**” **AND** “ongoing prevention and awareness campaigns for **students and employees**” that include a-f above under section B. While “campaign” is yet to be defined, examples of “primary prevention programs” as they relate to incoming students may be found here: <http://www.ovv.usdoj.gov/docs/campus-minimum-standards-orientation.pdf>

The University of Wisconsin Colleges offered **primary** prevention and awareness programs for all new employees in 2017 through email statements, campus meetings, and brochures. They were also given information on the students' sessions. In addition, the following was shared with all employees:

- Executive Order #54 training regarding the Wisconsin Governor's requirement for all employees to be mandatory reporters for suspicions of abuse of underage people on campus.
- How to report and what to report to Behavioral Intervention Teams.
- The University of Wisconsin Colleges had a website dedicated to this information which can be found at <http://uwc.edu/aode/save> and <http://uwc.edu/students/sexualmisconduct>.
- Resource links were provided to students regarding their rights and could be accessed at: <http://www.uwex.uwc.edu/about/office-diversity-inclusion/programs-services/title-ix>
- Employees were also provided a link to The University of Wisconsin Colleges student handbook and information on how to receive a paper copy: <http://uwc.edu/students/handbook-policies>.
- At least annually, community sexual assault service providers were invited to campus to set up displays and provide informational programs regarding their services.

In addition, individual campuses also engaged in initiatives.

Branch Campuses, 2018

For 2018, the Branch Campuses will continue to provide mandatory training for new students and employees. The Branch Campuses will continue to offer programming, work with community organizations, and complete all responsibilities as outlined in Title IX. They continue to develop initiatives in an on-going and intentional manner.

C. Procedures for Reporting a Complaint

UW Colleges, 2017

The University of Wisconsin Colleges had procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and a respondent, such as housing, academic, transportation and working accommodations, if reasonably available. The University of Wisconsin Colleges made such accommodations, if the complainant requested them and if they were reasonably available, regardless of whether the victim chose to report the crime to the local law enforcement. Students and employees were directed to contact the Student Conduct Director, Title IX Coordinator, or Deputy Title IX Coordinator to request these types of accommodations. The university respected the confidentiality of the victim and did not release the name of the victim in any campus notifications or in Clery reports.

Evidence Collection

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to Title IX investigators or local law enforcement. Although the Branch Campuses ***strongly*** encourage all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. The Branch Campuses will assist any victim with notifying law enforcement if they so desire.

Process

Individuals who experienced domestic violence, dating violence, sexual assault, or stalking, were encouraged to report the incident promptly to the Title IX Team. The contact information is below:

The University provided resources (regardless of whether the incident took place on campus, off campus, or both) to persons who had been victims of sexual assault, domestic violence, dating violence, or stalking, and applied appropriate disciplinary procedures to those who violated this policy. The procedures set forth below were intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chose not to make a complaint regarding an incident, they nevertheless should consider speaking with law enforcement to preserve evidence in the event that the victim changes their mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to The University of Wisconsin Colleges, the below are the procedures that the University followed as well as a statement of the standard of evidence that was used during any judicial hearing on campus arising from such a report:

Assistance for Victims: Rights & Options

Regardless of whether a complainant elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, The Branch Campuses will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options.

Further, The University of Wisconsin System complies with Wisconsin law in recognizing restraining orders. The University cannot apply for a legal order of protection, no contact order or restraining order for a complainant from the

applicable jurisdiction(s). The complainant is required to apply directly for these services. The Wisconsin Department of Justice outlines the steps to obtain a restraining order. It can be accessed at <https://www.doj.state.wi.us/ocvs/victim-rights/restraining-orders>. A summary of the process:

In Wisconsin, most people obtain a restraining order through a two-step process. The first step is to seek a temporary restraining order (TRO). These papers are called the petition. The person completing the petition is called the petitioner. The person you file against is called the respondent. Once you file a TRO petition, the court decides whether or not to issue a TRO based on the information you write in the petition. If the court grants the TRO, the court will schedule a hearing for you to come back to court within 14 days. This hearing is called an injunction hearing. At that hearing you will ask the court to order a final order of protection, which is called an injunction. An injunction can be granted for up to 2 years for child abuse, and up to 4 years for domestic abuse, harassment, and individuals at risk

A complainant may meet with a member of the Title IX Team to develop a Safety Action Plan, which is a plan to reduce the risk of harm while on campus or travelling between their home and campus. This plan may include, but is not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom location or allowing a student to complete assignments from home, etc.

General access to and use of the facilities of The University of Wisconsin System properties is governed by Chapter UWS 21, Wisconsin Administrative Code and institutional policies on file in the main office of each Branch Campus.

The University of Wisconsin Campuses may issue an institutional no contact order if deemed appropriate or at the request of the complainant or accused. Upon the complainant's request and to the extent of the complainant's cooperation and consent, university offices will work cooperatively to assist the complainant with their health, physical safety, work and academic status, pending the outcome of a formal university investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, working or transportation situations regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student park in a different location, assisting the student with a safety escort, etc. To the extent possible, Branch Campuses will also provide assistance with and/or information about obtaining resources and services such counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement.

Additionally, personally identifiable information about the complainant will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20)). Further, The Branch Campuses will maintain as confidential, any accommodations or protective measures provided to the complainant to the extent that maintaining such confidentiality would not impair the ability of The Branch Campuses to provide the accommodations or protective measures.

The Branch Campuses does not publish the name of crime victims. Complainants may request that directory information on file be removed from public sources. To restrict directory information for Fall 2018:

Prevention Strategies

How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”² We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list³ of some ways to be an active bystander. Further information regarding bystander intervention may be found at <http://uwc.edu/aode/save>. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.
3. **Walk with purpose**. Even if you don’t know where you are going, act like you do.
4. **Trust your instincts**. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
6. **Make sure your cell phone is with you** and charged and that you have cash money.
7. **Don’t allow yourself to be isolated** with someone you don’t trust or someone you don’t know.
8. **Avoid putting headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. **Trust your instincts**. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. **Don’t leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, get a new one.
12. **Don’t accept drinks from people you don’t know or trust**. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other

³ Bystander intervention strategies adapted from Stanford University’s Office of Sexual Assault & Relationship Abuse

large, common open containers.

13. **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.

14. **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).** Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:

a. **Remember that being in this situation is not your fault.** You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.

b. **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.

c. **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

d. **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

D. Adjudication of Violations

Whether or not criminal charges are filed, a person or the University of Wisconsin Campus staff may file a complaint alleging violation of institutional policy. Policies and procedures were developed for both students and various types of employees (i.e. faculty, academic staff, university staff, limited term, project, etc.). Members of the public must conform to University of Wisconsin Administrative Code Chapter 18: Conduct on University Lands.

UWS 17.11 Disciplinary procedure.

(1) PROCESS. The investigating officer may proceed in accordance with this section to impose, subject to hearing and appeal rights, one or more of the disciplinary sanctions listed in s. [UWS 17.10 \(1\)](#).

(2) CONFERENCE WITH RESPONDENT. When the investigating officer concludes that proceedings under this section are warranted, the investigating officer shall promptly contact the respondent in person, by telephone, or by electronic mail to offer to discuss the matter, review the investigating officer's basis for believing that the respondent engaged in nonacademic misconduct, and to afford the respondent an opportunity to respond. If the respondent fails to respond to the investigating officer, the investigating officer may proceed to make a determination on the basis of the available information. A complainant shall have all the rights provided to the respondent in this subsection.

(3) DETERMINATION BY THE INVESTIGATING OFFICER THAT NO DISCIPLINARY SANCTION IS WARRANTED. If, as a result of a discussion under sub. (2) or review of available information, the investigating officer determines that nonacademic misconduct did not in fact occur, or that no disciplinary sanction is warranted under the circumstances, the matter will be considered resolved without the necessity for further action. The investigating officer shall simultaneously notify the respondent and the complainant of this outcome and offer to discuss it separately with either one. If the investigating officer determines that nonacademic misconduct did not occur or that no disciplinary sanction is warranted, the complainant may appeal this decision in accordance with s. [UWS 17.13](#).

(4) PROCESS FOLLOWING DETERMINATION BY THE INVESTIGATING OFFICER THAT NONACADEMIC MISCONDUCT OCCURRED.

(a) If, as a result of a discussion under sub. (2) or review of available information, the investigating officer determines that nonacademic misconduct did occur and that one or more of the disciplinary sanctions listed under s. [UWS 17.10 \(1\)](#) should be recommended, the investigating officer shall prepare a written report which shall contain all of the following:

1. A description of the alleged misconduct.
2. A description of all information available to the university regarding the alleged misconduct. Such information shall be available to the complainant and the respondent, except as may be precluded by applicable state or federal law.
3. Specification of the sanction sought.
4. Notice of the respondent's right to a hearing.
5. A copy of this chapter and of the institutional procedures adopted to implement this section.

(b) The written report shall be delivered simultaneously to the respondent and complainant, excluding any information that may be precluded by applicable state or federal law.

(c) A respondent who receives a written report under this section has the right to a hearing under s. [UWS 17.12](#) to contest the determination that nonacademic misconduct occurred, the choice of disciplinary sanctions, or both.

1. Where the disciplinary sanction sought is one of those listed in s. [UWS 17.10 \(1\) \(a\)](#) to [\(g\)](#), and if the respondent desires a hearing, the respondent shall file a written request with the student affairs officer within 10 days of the date the written report is delivered to the respondent. If the respondent does not request a hearing within this period, the

determination of nonacademic misconduct shall be regarded as final, and the disciplinary sanction sought shall be imposed.

2. Where the disciplinary sanction sought is one of those listed in s. [UWS 17.10 \(1\) \(h\)](#) to [\(j\)](#), the investigating officer shall forward a copy of the written report under par. [\(b\)](#) to the student affairs officer. The student affairs officer shall, upon receipt of the written report, proceed under s. [UWS 17.12](#) to schedule a hearing on the matter. (1) A respondent who requests a hearing, or for whom a hearing is scheduled under s. [UWS 17.11 \(4\) \(c\) 2.](#), shall have the right to decide whether the matter will be heard by a hearing examiner or a hearing committee. In cases of sexual assault, dating violence, domestic violence, stalking, or sexual harassment the university shall have the right to decide whether the matter will be heard by a hearing examiner or a hearing committee.

(2) If a respondent requests a hearing under s. [UWS 17.11 \(4\) \(c\) 1.](#), or a hearing is required to be scheduled under s. [UWS 17.11 \(4\) \(c\) 2.](#), the student affairs officer shall take the necessary steps to convene the hearing and shall schedule it within 15 days of receipt of the request or written report. The hearing shall be conducted within 45 days of receipt of the request or written report, unless a different time period is mutually agreed upon by the respondent and investigating officer, or is ordered or permitted by the hearing examiner or committee.

(3) No less than 5 days in advance of the hearing, the hearing examiner or committee shall obtain from the investigating officer, in writing, a full explanation of the facts upon which the determination of misconduct was based, and shall provide the respondent and the complainant with access to or copies of the investigating officer's explanation, together with any other materials provided to the hearing examiner or committee by the investigating officer, including any additional available information of the type described in s. [UWS 17.11 \(4\) \(a\) 2.](#)

(4) The hearing shall be conducted in accordance with the following guidance and requirements:

(a) The hearing process shall further the educational purposes and reflect the university context of nonacademic misconduct proceedings. The process need not conform to state or federal rules of criminal or civil procedure, except as expressly provided in ch. [UWS 17](#).

(b) The respondent shall have the right to question adverse witnesses, the right to present information and witnesses, the right to be heard on his or her own behalf, and the right to be accompanied by an advisor of the respondent's choice. The advisor may be a lawyer. In cases where the recommended disciplinary sanction is identified in s. [UWS 17.10 \(1\) \(a\)](#) to [\(h\)](#), the advisor may counsel the respondent but may not directly question adverse witnesses, present information or witnesses, or speak on behalf of the respondent except at the discretion of the hearing examiner or committee. In cases where the recommended disciplinary sanction is identified in s. [UWS 17.10 \(1\) \(i\)](#) or [\(j\)](#), or where the respondent has been charged with a crime in connection with the same conduct for which the disciplinary sanction is sought, the advisor may question adverse witnesses, present information and witnesses, and speak on behalf of the respondent. In accordance with the educational purposes of the hearing, the respondent is expected to respond on his or her own behalf to questions asked of him or her during the hearing. The complainant shall have all the rights provided to the respondent in this subsection.

(c) The hearing examiner or committee:

1. Shall admit information that has reasonable value in proving the facts, but may exclude immaterial, irrelevant, or unduly repetitious testimony.

2. Shall observe recognized legal privileges.

Employee Adjudication

For 2018, Branch Campus employee alleged policy violations will continue to be addressed through UW Colleges Human Resources department.

The policy and procedures for complaints, discipline, and dismissal vary depending upon the type of employment and the Senate policies outlined for each Branch Campus. These policies are listed in the Annual Security Report or on the website of the appropriate Receiving institution.

Reports of all domestic violence, dating violence, sexual assault and stalking made to a Campus Security Authority or Responsible Employee will automatically be referred to the Title IX Coordinator or a Deputy Title IX Coordinator for investigation regardless of if the complainant chooses to pursue criminal charges.

Disciplinary Process

The university disciplinary process is consistent with the institution's policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 days of the report, however the proceedings timeframe allows for extensions for good cause with notice to the Complainant and the Respondent of the delay and the reason for the delay. Investigators and hearing board members are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability. The process provides that:

- The complainant and the respondent each have the opportunity to attend a hearing before a properly trained hearing board that protects the safety of victims and promotes accountability;
- The complainant and the respondent will have timely notice for meetings at which the accuser or accused, or both, may be present;

- The Branch Campuses will allow for timely access to the complainant, the respondent, and appropriate officials to any information that will be used after the fact-finding investigation but during formal and informal disciplinary meeting and hearings;
- The Branch Campuses disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the complainant and the respondent;
- The Branch Campuses provides the complainant and the respondent the same opportunities to have others present during an institutional disciplinary proceeding. The complainant and the respondent each have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or proceeding. Chapter 17.12 states the limitations of an advisor. An advisor can be removed from the proceedings for disruptive behavior, as determined by the investigating officer or hearing examiner;
- A student conduct decision is based on the preponderance of evidence standard, i.e. “more likely than not to have occurred” standard. In other words, the conduct process asks: “is it more likely than not that the accused student violated the university’s Student Conduct Code?”;
- The complainant and respondent will be notified simultaneously in writing of the result of any disciplinary proceeding, as well as any changes to those result or disciplinary actions prior to the time that such results become final; and
- The complainant and the respondent each have the right to appeal the outcome of the hearing as outlined in the policies referenced above.
- The complainant and respondent will be notified simultaneously in writing, of any change to the result prior to the time that it becomes final and of the final result after the appeal is resolved.

A person alleging sexual assault, domestic violence, dating violence, or stalking may also utilize the complaint and investigatory procedures set forth in the university’s policy against Sexual Harassment, as described in the Unlawful Discrimination, Sexual Harassment, Protected Status Harassment, and Retaliation policy in order to remedy any hostile environment.⁴

Confidentiality

The Branch Campuses will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law and as previously mentioned in this document.

When a complainant does not consent to the disclosure of their name or other identifiable information to the respondent, the university’s ability to respond to the complaint may be limited.

Sanctions and Protective Measures

In all cases, investigations of sexual assault, domestic violence, dating violence, stalking, and sexual harassment that result in a violation of the Student Code of Conduct, or of the Unlawful Discrimination, Sexual Harassment, Protected Status Harassment, and Retaliation policy, will lead to the initiation of disciplinary procedures against the accused individual(s). For students, sexual assault, domestic violence, dating violence, stalking and sexual harassment are violations of the Student Conduct Code and UWS Chapter 17. Employees who violate this policy will be subject to discipline, up to and including termination of employment. Sexual assault, domestic violence, dating violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law.

The University of Wisconsin System sanctions for students are outlined in UWS 17 and may be imposed upon those determined to have violated this policy. Those sanctions include:

⁴ “Hostile Environment” is the term used by Title VII in employment law as it relates to action taken against a person in retaliation of a complaint of sexual harassment or for cooperating with a sexual harassment investigation. Under Title IX, the term used is “retaliation.” Institutions may choose to provide both terms for clarification although it is not required.

UWS 17.10 Disciplinary sanctions.

(1) The disciplinary sanctions that may be imposed for nonacademic misconduct, in accordance with the procedures of ss. [UWS 17.11](#) to [17.13](#), are any of the following:

- (a) A written reprimand.
- (b) Denial of specified university privileges.
- (c) Payment of restitution.
- (d) Educational or service sanctions, including community service.
- (e) Disciplinary probation.
- (f) Imposition of reasonable terms and conditions on continued student status.
- (g) Removal from a course in progress.
- (h) Enrollment restrictions on a course or program.
- (i) Suspension.
- (j) Expulsion.

(2) One or more of the disciplinary sanctions listed in sub. (1) may be imposed for an incident of nonacademic misconduct.

(3) Disciplinary sanctions shall not include the termination or revocation of student financial aid; however, this shall not be interpreted as precluding the individual operation of rules or standards governing eligibility for student financial aid under which the imposition of a disciplinary sanction could result in disqualification of a student for financial aid.

History: CR 08-099: cr. Register August 2009 No. 644, eff. 9-1-09.

The Branch Campuses may implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking which may include some or all of the following actions: changes to academic, living, working or transportation situations.

The Title IX Coordinator or their designee will determine whether interim interventions and protective measures should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a University order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved. ⁵Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by the Title IX Coordinator.

The Branch Campuses will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Missing Student Notification Procedures

Missing Student Notification Procedures are required for any campus with student housing. It is important for students to complete the emergency contact portion of their housing paperwork. If none is listed, it will default to their parent or guardian. Emergency contact information will remain confidential and accessible only to authorized campus officials. This information will only be disclosed to necessary personnel (e.g. Law Enforcement) in furtherance of a missing person investigation. For our students who are under the age of 18 and not emancipated, staff are required to contact a custodial parent or guardian within 24 hours of the determination that the student is missing in addition to notifying an

⁵ Applicable law requires that, when taking such steps to separate the complainant and the accused, the University must minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.

additional contact person designated by the student. Staff will notify local law enforcement within 24 hours of the determination that a student is missing (unless local law enforcement notified us).

The following Branch Campuses have student housing:

- Baraboo/Sauk County
- Barron County
- Fond du Lac
- Fox Valley
- Marathon County
- Marinette
- Marshfield/Wood County
- Richland

Concerned family and friends should report their concerns that their student is potentially missing to the residence hall staff.

The Missing Student Notification Procedures may include:

- If a Residence Hall staff member is informed by a parent, friend, etc. that they have not been able to make contact with a student; the Residence Hall staff member will immediately notify the appropriate campus leader. Under their guidance, the residence life staff member will try to make contact with the student by cell phone, room check, social networks known to the staff members, and/ or roommate/neighbor involvement. The residence life staff member will inform the campus leader of the results of the attempts to contact the student.
- The appropriate staff member will inform the concerned person of the results of the attempts to contact the student.
- If the student was not able to be accounted for or contacted, the campus leader, in consultation with appropriate staff, will determine the process to contact the emergency contact and law enforcement. The emergency contact and law enforcement will be notified, per federal requirements within 24 hours of the determination a student is missing.

Please see your hall management for more information regarding your campus' specific missing person process.
