

UNIVERSITY OF WISCONSIN –MARATHON COUNTY
2008
ANNUAL SECURITY REPORT
(9/23/09)

1. Reports of criminal actions or other emergencies occurring on the campus of the University of Wisconsin – Marathon County shall be made to the Dean of the campus, or directly to local law enforcement authorities in accordance with the Campus Emergency Action Plan which is available to all faculty and staff and posted in public folders. Victims or witnesses to crimes may request confidentiality when reporting criminal actions to the Dean for inclusion in the annual disclosure of crime statistics. The Dean will make timely reports via the campus bulletin boards and/or campus newspaper concerning those crimes that pose a threat to members of the campus community.

2. General access to and use of the facilities of the University of Wisconsin - Marathon County is governed by Chapter UWS 21, Wisconsin Administrative Code and institutional policies on file in the Office of the Dean. Security is provided in the maintenance of the College's facilities through a number of mechanisms, including identification of personnel responsible for securing the campus, limitations on hours of operation, limitations on access when the campus is not in operation, use of the campus by off-campus groups, and policies on keys. Copies of these institutional policies are on file in the Office of the Dean.

3. The University of Wisconsin - Marathon County does not have a campus police or campus security department. The creation of TAG (Threat Assessment Team) was instituted by Chancellor Wilson in 2008. The purpose and intent of TAG is to convene a small group of individuals on campus that will collect all pieces of information about a "person of concern." Pieces of information *may include* behavioral differences, disruptive or inappropriate comments made, aggressive, intimidating, or belligerent communications written into papers and assignments, and a significant risk of causing serious harm. TAG is comprised of the Associate Campus Dean of Student Affairs, the Assistance Campus Dean for Administrative Services, the Assistant Director of Student Services and the Coordinator of Auxiliary Services. Consultation is provided by the contracted campus mental health counseling services. TAG and the campus works closely with local law enforcement authorities and utilizes their services when necessary. It is the policy of the University of Wisconsin - Marathon County to encourage accurate and prompt reporting of all crimes to the appropriate law enforcement agency. Students so requesting will be provided assistance by institutional personnel in notifying local law enforcement authorities. Campus personnel will consult with local law enforcement authorities when preparing the annual disclosure of crime statistics.

4. The University of Wisconsin - Marathon County provides information to students and employees about campus security procedures and practices, encourages them to be responsible for their own security and the security of others and informs them about the prevention of crimes through the following programs and literature distributions:

Students: New students receive information at the time of orientation about campus security procedures and practices and about the crime of sexual assault in particular.

Students are informed of the procedure for reporting sexual assault crimes to campus officials, and are encouraged to report these crimes to local law enforcement authorities. Students are informed about the importance of preserving evidence. Also included is information about the rights of victims and counseling services available for the victims of sexual assault. Continuing students receive information about the crime of sexual assault annually. All students receive the required notification that the Annual Security Report is available on the web, and that a paper copy may be requested.

Faculty and Academic Staff: At the fall campus Convocation, campus security procedures and practices are addressed. Emergency procedures are available to all faculty and staff in our shared public folders.

All faculty and staff receive the required notification that the Annual Security Report is available on the web, and that a paper copy may be requested.

Classified Staff: Emergency procedures are available to all faculty and staff in our shared public folders. All classified staff receive the required notification that the Annual Security Report is available on the web, and that a paper copy may be requested.

5. Victims of sexual offenses may have their academic and living situations changed after the alleged offense, if so requested, and if the changes are reasonably available.
6. Chapter UWS 17 Wisconsin Administrative Code governs student nonacademic misconduct. Any complaints of sexual offenses will be administered in accordance with the provisions of this chapter and the institutional procedures for its implementation. The accuser and the accused will be afforded an opportunity to have others present during any proceedings. Sanctions to be imposed for students adjudicated guilty of a sexual offense will be determined on a case-by-case basis and may include suspension or expulsion. Both the accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding involving sexual assault.
7. The University of Wisconsin - Marathon County encourages cooperation with local police authorities to monitor and record information concerning criminal activity occurring away from the campus, but involving university students or university-related organizations. The university of Wisconsin-Marathon County maintains a liaison relationship with a member of the Wausau Police Department. This liaison provides valuable guidance and assistance with issues that evolve on campus.
8. The possession, use, and sale of alcohol and illegal drugs are regulated at the University of Wisconsin - Marathon County in accordance with the Drugfree Schools and Communities Act, applicable provisions of state and federal law, and Chapter UWS 18, Wisconsin Administrative Code. Local law enforcement officials enforce violations of underage drinking laws and other violations of state and federal laws regulating the possession, use and sale of alcohol and illegal drugs.

The University of Wisconsin Colleges employs one Alcohol and Other Drug Abuse Program Manager, along with 13 campus specific appointed AODA coordinators who provide programming and assistance to each campus in the area of alcohol and other drugs. Further information concerning their telephone numbers and locations, and information about the Drugfree Workplace Act and the Drugfree Schools and Communities Act may be found in the

publication, "Student Rights and Regulations" that is available at www.uwc.edu/student_services/student_R&R.pdf.
